### **Notes to the submitter**

If you are making a submission to the Environmental Protection Authority, you should use [form 16B](#).

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

You must serve a copy of your submission on the applicant as soon as is reasonably practicable after you have served your submission on the consent authority.

**Privacy:** Please note that submissions are public. Your name and submission will be included in papers that are available to the media and the public, including publication on the Council website. Your submission will only be used for the purpose of the notified resource consent process

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in [Part 11A](#) of the Resource Management Act 1991.

If you make a request under [section 100A](#) of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners.

You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least 1 of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

## **Submission on Resource Consent Application by Cromwell Certified Concrete Limited**

**Submitter:** David and Lynley Stevens

### **Background**

D.H.& L.M. Stevens Family Trust are the owners of 44 Smiths Way.

### **Matters of concern**

We (David and Lynley) as a member of the Amisfield Estate Society and a affected party are concerned the activities proposed by Cromwell Certified Concrete (CCC) are not going to be appropriately controlled and monitored such that any risks to the water supply and air shed are avoided, remedied and mitigated. Of particular concern to us are the following matters:

- (1) Potential effects increase take rates and volumes on Amisfield water scheme.
- (2) Potential contamination associated with seepage ponds, storage of hazardous substances, vehicle wash down activities.
- (3) Potential contamination associated with discharge from materials stored or discharged to the gravel pit.
- (4) Potential risks associated with dust and airborne contaminants.
- (5) Robustness of proposed conditions to address the above issues.
- (6) Any breaches of the above bullet points ( 1,2,3,5 ) under the National Policy for Fresh Water Management 2020 to be notified to the Amisfield Estate Society within 7 days of the breach.
- (7) Any breaches of bullet point 4 under the National Environment Standards for air Quality Regulations 2004 to be notified to the Amisfield Estate Society within 7 days of the breach.

In accordance with the Objective of the National Policy Statement for Fresh Water Management, the health needs of people including provision of drinking water needs to be provided for as a priority to other water uses such as that proposed.

### **We consider the following as absolutely necessary:**

- 1 Ground water quality monitoring should include analysis in accordance with the New Zealand Drinking Water Standards.
- 2 Monitoring frequency to be increased to monthly.
- 3 Requirement for ground water monitoring to be carried out by a suitably qualified independent person.
- 4 Air quality monitoring to be carried out by a qualified independent person and an avenue for complaints and outcomes provided for by ORC.
- 5 Any air quality breaches must be avoided, remedied and mitigated.
