I/ we wish to **SUPPORT** / **OPPOSE** / submit a **NEUTRAL** submission on (circle one) the application of:

Applicant's Name: Dunedin City Council

And/or Organisation:

Application Number:

Location:

Smooth Hill

Purpose:

Landfill

The specific parts of the application/s that my submission relates to are: *(Give details)*

I oppose the application for a landfill to be established at the smooth hill site. The site is situated close to a migration path of seagulls and other bird life. Currently New Zealand is experiencing an outbreak of salmonella Enteritidis. This can be spread through wild avian population. The location of the landfill site will only increase the wild bird population which will cause a nuisance to the residents but could also help to spread this through the poultry industry which I am a member farmer. There has been little new information done except the 30 year study on how this will affect current wild life in the area. Furthermore a protected wet land will be destroyed at a time when we are trying to repair the environment. The council would be better to search for alternatives or use another already established site and focus on waste reduction and recycling before destroying more of the environment.

My/Our submission is *(include: whether you support or oppose the application or specific parts of it, whether you are neutral regarding the application or specific parts of it and the reasons for your views)*.

I oppose the entire application.

I/We seek the following decision from the consent authority *(give precise details, including the general nature of any conditions sought)*

If consent is granted I would seek a condition that the landfill be covered in to reduce birds and other wild life access to the site.
