Applicant's Name: DCC Landfill Application

And/or Organisation: [REDACTED]

Application Number: RM 20 280

Location: [REDACTED]

Purpose: [REDACTED]

The specific parts of the application/s that my submission relates to are: (Give details)

- earthquake risk due to proximity of Akatore fault - Ref App 6 Geotechnical Factual Rep.
- bird strike - Ref Pg 59 ORC Notification Report
- fire risk - Ref Pg 38 Draft Landfill Mgmt Plan prepared for DCC

My/Our submission is (include: whether you support or oppose the application or specific parts of it, whether you are neutral regarding the application or specific parts of it and the reasons for your views).

I feel very anxious that the proposed landfill brings many risks to an already over-burdened infrastructure. We have a volunteer fire crew that could not manage a major fire as well as being first responders in this region.

The location of the Akatore fault
PTO

brings a risk of major ecological damage if an earthquake occurs to say nothing of the health risks posed by contaminated water/soil

I also feel extremely concerned over ~~the~~ the risk of bird strike as Runedim airport is nearby and the risk to health + safety of airline users. Also this area is a pilot-training route and brings increased risk to them as well as the increased danger to the public in case of an airline crash. Again scarce local resources would be overwhelmed to cover a major incident of any size/type.

I/We seek the following decision from the consent authority (*give precise details, including the general nature of any conditions sought*)

No consent.

I/we:

- Wish to be heard in support of our/my submission
 Not wish to be heard in support of our/my submission
