My/Our submission is (include: whether you support or oppose the application or specific parts of it, whether you are neutral regarding the application or specific parts of it and the reasons for your views).

I swim at Brighton beach regularly during the summer months, with my children who love boogy boarding. I am extremely worried that the risk of leachate from the landfill will

affect the water quality and the safety of my family's health when we swim there. A branch of the Otokia Creek originates at the landfill site and flows directly to the coast near Brighton.

- My family and I have been a part of replanting by Otokia Creek, a place we are very proud of, looking forward to returning it to a healthy habitat for fish, birds & plants. A landfill will undo all our hard work, risking a whole bunch of native plant and wild life.

- I feel stressed about the risk of pollution. The beach and the creek are an essential part of our community's wellbeing, it is why myself and my family chose to live here. My concern is the risk of pollution will substantially decrease the recreational value of my home and it will have a hugely negative impact on the wellbeing of locals and visitors alike.

- My family and I love to walk around Big Stone Road and the surrounding forestry tracks. The risk of fire greatly increases with a landfill. It concerns me that the Smooth Hill application currently has no fire management plan. I would not feel safe to continue my walks if the landfill was to go ahead.

I/We seek the following decision from the consent authority (give precise details, including the general nature of any conditions sought)

I do not give consent for the landfill  
to go ahead at Smooth Hill

I/we:

- Wish to be heard in support of our/my submission  
 Not wish to be heard in support of our/my submission

If others make a similar submission, I/we will consider presenting a joint case with them at a hearing.
