Board Submission to ORC Re DCC Resource Consent for Smooth Hill Land Fill

The Mosgiel Taieri Community board has a neutral stance regarding the proposed landfill at Smooth Hill.

However, the board wishes to highlight the following areas for consideration

Management plan

Consideration to be given to the impact on the community with additional truck movements during construction and to service the landfill once built.

Natural Disasters

Ensure that appropriate conditions are put in place to mitigate against leachate and other contaminants leaking from landfill due to natural disasters i.e, fractures, landslips and flooding or any other reason and impacting on waterways and subsoil.

Ensure that trucks are appropriately covered to avoid contamination from rubbish being spilt during transportation to and from transfer stations to the rubbish disposal site.

Ensure all truck movements meet NZTA requirements.

Alternative landfill sites

The Board would like the City Council to provide information on alternative sites considered and commit to undertaking investigations into other rubbish disposal methods.

Joy Davis
