My/Our submission is *(include: whether you support or oppose the application or specific parts of it, whether you are neutral regarding the application or specific parts of it and the reasons for your views)*.

This was a plan was made without any consultation with the community and at no time was it appropriate to put a landfill in this area even 30 years ago. It is inevitable at some point it will leach into the surrounding wetland area and contaminate the Otakia Stream that runs out to sea across the Brighton Bay. This is a popular recreational area that will be destroyed. But it is also incomprehensible that the unique ecosystem of a wetland is put at risk in this current environment of a greater understanding of trying to protect our planet.

I/We seek the following decision from the consent authority *(give precise details, including the general nature of any conditions sought)*

For a new location to be found that is nowhere near a water source.
