- Pollution

My/Our submission is (include: whether you support or oppose the application or specific parts of it, whether you are neutral regarding the application or specific parts of it and the reasons for your views).

My name is Rosanna Hill and I have been a resident of Brighton for 13 years.

I have raised both my children here and we spend every summer swimming with them at Brighton Beach.

I strongly oppose the application to place a landfill at Smooth Hill.

I am worried about several things. Potential contamination of Otokia Creek is a major concern for me. This is where I swim with my children. Given that the area is flood prone ~~in winter~~ and there is Akatore fault near the site, the risk of contamination is too high for me.

The proposed landfill contradicts National Environmental Standards for Freshwater, this legislation has been put in place to clean up + protect our fresh water assets. If the council had delayed their application there is no way this would have been allowed.

The draining of wetlands to create the landfill will ~~beens~~ be crazy to me. We know that wetlands are vital for the health of our environments & this will result in loss of habitat for wildlife and a carbon sink. We love the variety of wildlife found here and any impact on that is devastating for me.

Disturbance to the habitat of our native falcons is something else that concerns me. These endangered birds are so rare and need to be protected.

Thank you for considering my submission
