I/we wish to **SUPPORT** / **OPPOSE** / submit a **NEUTRAL** submission on (circle one) the application of:

Applicant's Name: Dunedin City Council

And/or Organisation:

Application Number: RM 20 - 280

Location: Smooth Hill

Purpose: Land fill

The specific parts of the application/s that my submission relates to are: (Give details)

water contamination - page 82 of the application assessment for environmental effects indicates the application does not align with National Environmental Standards for Freshwater. The Brighton area is a very ~~populated~~ popular swimming destination, and I'm opposing the landfill ~~de~~ for environmental and leisure reasons.

My/Our submission is (include: whether you support or oppose the application or specific parts of it, whether you are neutral regarding the application or specific parts of it and the reasons for your views).

I feel strongly that this application should not go ahead. There's evidence of the Akatore Fault line (www.odt.co.nz/lifestyle/magazine/shaky-ground) is concerning, and to place a landfill just 6km from this faultline is ludicrous. The Brighton Community, as well as Dunedin residents, ask that our voices be heard and this project be ~~ad~~ abandoned. The chance of leaching is not a chance I want to take in this beautiful area, and

we have a responsibility not to take a gamble on this decision, but make a sensible one for generations now and those to come.

I am concerned that this application is based on a single water assessment in July 2020 - and this information presented on pg. 24, 'Appendix 9 - Surface Water Assessment Report' shows that this is insufficient information from which to eliminate major flood events as an environmental risk.

I feel strongly that this application lacks the insight and consideration of the community and environment - and should not be developed.

I am also opposed and disgusted by this application as the council has completely overlooked and disregarded the effects of the landfill on native species. Concerns were summarised by the ORC in pages 58-61 of the 'ORC Notification Recommendation Report' stating that "construction of the landfill and road upgrades will result in loss of habitat of lizards, and disturbance and displacement of ~~the~~ lizards into unsuitable habitat or result in lizard mortality".

I/We seek the following decision from the consent authority (give precise details, including the general nature of any conditions sought)

NO CONSENT - NO LANDFILL!

- I/we:
- Wish to be heard in support of our/my submission
 - Not wish to be heard in support of our/my submission

- If others make a similar submission, I/we will consider presenting a joint case with them at a hearing.
- Yes
 - No

I, am/am not (choose one) a trade competitor* of the applicant (for the purposes of Section 308B of the Resource Management Act 1991).

**If trade competitor chosen, please complete the next statement, otherwise leave blank.*

- I, am/am not (choose one) directly affected by an effect as a result of the proposed activity in the application that:
- a) adversely affects the environment; and
 - b) does not relate to trade competition or the effects of trade competition.

I, do/do not (choose one) wish to be involved in any pre-hearing meeting that may be held for this application.

I do/do not request* that the local authority delegates its functions, powers, and duties to hear and decide the application to 1 or more hearings commissioners who are not members of the local authority.

I have/have not served a copy of my submission on the applicant.
