## **Chairperson's Foreword**

It gives me great pleasure to present this Regional Plan: Waste, the Otago Regional Council's first full plan developed under the Resource Management Act.

The Regional Plan: Waste ushers in a new era for waste management in Otago and sets out clear directions in the vital areas of waste minimisation, and in the management of landfills, contaminated sites and hazardous substances and wastes. This Plan provides an integrated approach to these waste issues, the aim of which is to reduce the adverse effects associated with Otago's waste stream.

This integrated approach encompasses the elements of reduce, reuse and recycle with careful consideration of the appropriate management and disposal of the waste that is generated. Every product needs to be considered in a life-cycle manner with respect to waste.

This issue of waste is a crucial one for all of us in Otago. It is estimated that each New Zealander produces more than 660 kg of waste each year. The fact is that waste is everyone's problem and we must work together to bring about a reduction in the amount generated. Reducing the amount of waste must be our first priority.

While prepared by the Otago Regional Council, this Plan belongs to the region. It was developed following extensive consultation carried out over a number of years, with the community, Otago's city and district councils and those involved in waste management.

This and following regional plans on the Coast, Land, Water and Air, provide specific planning frameworks to address environmental issues in Otago under the policy umbrella of the Regional Policy Statement. These documents will provide a comprehensive management direction for the natural and physical resources of our region.

May I take this opportunity to express the Otago Regional Council's sincere thanks to all those involved in the Plan's development. Your involvement, support and interest has assisted us greatly in preparing this Regional Plan.

A handwritten signature in black ink, appearing to read "Louise Rosson".

**Louise Rosson**  
**Chairperson**

## **Users' Guide**

The Regional Plan: Waste for Otago deals with Otago's significant regional waste management issues. It provides objectives, policies and methods of implementation in order to address those issues. Each of the issues, objectives and policies is accompanied by explanations and principal reasons.

The Plan is divided into eleven parts as follows:

1. Introduction
2. Statutory Framework
3. Manawhenua Issues
4. Waste Minimisation
5. Contaminated Sites - including rules
6. Hazardous Substances and Hazardous Wastes - including rules
7. Landfills - including rules
8. Cross-boundary Issues
9. Monitoring
10. Glossary
11. Appendices

In order to reflect the inter-related nature of these sections, a reference system has been used within the Plan to provide a linkage between chapters, and between issues, objectives, policies and methods within each chapter:

- Each of the issues is referenced through to the relevant objectives and policies within each chapter;
- Each of the objectives is referenced through to the relevant policies within each chapter; and
- Each of the policies is referenced through to the relevant methods within each chapter.

## Table of Contents

<b>Chairpersons Foreword.....</b>	<b>i</b>
<b>Users Guide.....</b>	<b>iii</b>
<b>Table of Contents .....</b>	<b>v</b>
<b>1. Introduction .....</b>	<b>1</b>
1.1 Extent of plan .....	2
1.2 The need for this plan.....	3
1.3 Purpose of this plan .....	4
1.4 Operation of this plan .....	4
1.5 Contents of this plan.....	4
1.6 Integrated management.....	7
1.7 Consultation.....	8
<b>2. Statutory Framework .....</b>	<b>11</b>
2.1 Part II of the Resource Management Act 1991 .....	12
2.2 Restrictions on the use of land.....	13
2.3 Discharge of contaminants .....	13
2.4 Content of regional plans.....	15
2.5 Relationship to other resource management documents .....	16
2.6 Section 32 of the Resource Management Act.....	18
2.7 Other relevant legislation.....	18
2.8 Roles of different agencies in waste management.....	19
2.8.1 Under the Resource Management Act.....	19
2.8.2 Other legislation and agencies .....	21
2.9 Review and changes .....	23
2.10 Enforcement .....	24
2.11 Status of activities.....	25
2.11.1 Permitted activity.....	25
2.11.2 Controlled activity .....	25
2.11.3 Discretionary activity .....	25
2.11.4 Non-Complying activity .....	25
2.12 Information requirements .....	25
2.13 Provision of further information.....	26
2.14 Notification of consents.....	26
<b>3. Manawhenua Issues .....</b>	<b>27</b>
3.1 Introduction .....	28
3.1.1 Mauri .....	29
3.1.2 Treaty of Waitangi.....	29
3.1.3 Environment .....	30
3.1.4 Kaitiakitanga.....	30
3.1.5 Management .....	31
3.2 Manawhenua issues .....	31
3.3 Manawhenua waste objectives .....	35
<b>4. Waste Minimisation .....</b>	<b>37</b>
4.1 Introduction .....	38
4.2 Waste minimisation issues.....	39
4.3 Waste minimisation objectives.....	40

4.4	Waste minimisation policies.....	41
4.5	Waste minimisation methods.....	43
4.6	Anticipated environmental results .....	45
<b>5.</b>	<b>Contaminated Sites .....</b>	<b>47</b>
5.1	Introduction .....	48
5.2	Contaminated sites issues .....	49
5.3	Contaminated sites objectives.....	51
5.4	Contaminated sites policies .....	52
5.5	Contaminated Sites Methods .....	54
5.6	Contaminated site rules.....	56
	Rule 5.6.1 Hazardous wastes at contaminated sites (discretionary activity)	56
5.7	Anticipated environmental results .....	58
<b>6.</b>	<b>Hazardous Substances and Hazardous Wastes .....</b>	<b>59</b>
6.1	Introduction .....	60
6.2	Hazardous substances and hazardous waste issues.....	68
6.3	Hazardous substances and hazardous waste objectives .....	70
6.4	Hazardous substances and hazardous waste policies.....	71
6.5	Hazardous substances and hazardous waste methods.....	76
6.6	Hazardous substances and hazardous waste rules .....	79
	Rule 6.6.1 Operation of facilities for the treatment or disposal of hazardous wastes (discretionary activity) .....	79
	Rule 6.6.2 Discharge of dust suppressants (permitted activity).....	80
	Rule 6.6.3 Discharge of dust suppressants (discretionary activity) .....	80
	Rule 6.6.4 Discharge of waste oil (prohibited activity).....	81
6.7	Anticipated environmental results .....	81
<b>7.</b>	<b>Landfills .....</b>	<b>83</b>
7.1	Introduction .....	84
7.2	Landfill issues.....	86
7.3	Landfill objectives .....	89
7.4	Landfill policies .....	90
7.5	Landfill methods.....	96
7.6	Landfill rules.....	98
	Rule 7.6.1 New or operating landfills [excluding cleanfill landfills, offal pits, farm landfills and greenwaste landfills] (discretionary activities).....	98
	Rule 7.6.2 Landfills that closed between 1 October 1991 and 1 October 1994 [excluding cleanfill landfills, offal pits, farm landfills and greenwaste landfills] (discretionary activity) .....	100
	Rule 7.6.3 Cleanfill landfills (permitted activity) .....	101
	Rule 7.6.4 Cleanfill landfills (discretionary activity) .....	101
	Rule 7.6.5 Offal pits on production land or factory farm (permitted activity).....	102
	Rule 7.6.6 Offal pits on industrial or trade premises, excluding factory farms (controlled activity) .....	102
	Rule 7.6.7 Control of offal pits not in accordance with Rules 7.6.5 or 7.6.6 (discretionary activity).....	104
	Rule 7.6.8 Farm landfills (permitted activity) .....	104
	Rule 7.6.9 Farm landfills (discretionary activity).....	105
	Rule 7.6.10 Greenwaste landfills (permitted activity).....	106

Rule 7.6.11	Greenwaste landfills (discretionary activity) .....	106
Rule 7.6.12	Composting (permitted activity) .....	107
Rule 7.6.13	Composting - (discretionary activity) .....	107
Rule 7.6.14	Discharges from silage production (permitted activity).....	108
Rule 7.6.15	Discharges from silage production (discretionary activity) .....	109
7.7	Anticipated environmental results .....	110
<b>8.</b>	<b>Cross Boundary Issues.....</b>	<b>111</b>
8.1	Issues .....	112
8.2	Approach to cross boundary issues .....	113
<b>9.</b>	<b>Monitoring .....</b>	<b>115</b>
9.1	Introduction .....	116
9.2	Monitoring programme for this Plan .....	116
9.3	Biennial waste monitoring report .....	120
<b>10.</b>	<b>Glossary.....</b>	<b>121</b>
<b>Appendices.....</b>		<b>131</b>
1:	Matters to be included in a hazardous waste facility management plan.....	132
2:	Matters to be included in management plan .....	133
3:	Matters to be included in a landfill closure plan.....	135
4:	Categories of wastes to be controlled .....	136
5:	List of hazardous characteristics.....	138
