Dear Alex

CRIFFEL WATER LIMITED – RM16.093.01 – AMENDMENT OF APPLICATION

1. As you are aware, there have been discussions occurring between CWL and the Applicants for RM18.345 with respect to their respective applications. The purpose of those discussions has been to see whether the parties can achieve an 'agreed approach' to their respective applications that provides certainty in assessing the effects of the individual applications and the cumulative effects of them. We are pleased to advise that an agreement has been reached and as such CWL seeks to amend its application. The amendment of the CWL's application is prefaced on total catchment primary and supplementary allocation being determined as set in the table below.

	CWL Application as at 19 September 2019		Catchment Allocation
Primary allocation take rate	358l/s		538l/s
Water use	Irrigation, stockwater and domestic		
First Supplementary allocation take rate	170l/s		250l/s
Second Supplementary allocation take rate	80l/s		166l/s
Primary allocation Volume for Irrigation	Irrigation Season	4,570,995m ³	N/A
	Monthly	847,180m ³	
Primary Allocation Minimum Flow	180l/s		180l/s
Supplementary Allocation Volume for Irrigation	2,899,890m ³		N/A

First Supplementary Minimum flow	788l/s	788l/s
Second Supplementary Minimum flow	1038l/s	1038l/s
CWL Residual flow below the weir	90l/s	N/A
Flow sharing	Offered	N/A
Irrigation Command Area	1500ha	N/A
Irrigation Area	1019ha	N/A
Stockwater / Domestic Supply	Section 14	N/A
Review condition	Standard plus review if Weir upgraded in a way that affects leakage and potential provision of residual flows.	N/A
Term	TBD – up to 35 years	N/A

2. The draft conditions previously circulated in relation to the CWL application will form the basis of the conditions that will be proposed by CWL to give effect to the above.
3. If you have questions or wish to discuss further please do not hesitate to contact us.

Yours faithfully
