## Changes to Annual Report

The following is a summary of the changes that have been made to the Annual Report 2025 from the published version in the Council agenda.

### 1. Page 94 (Annual Report page number)

A change was made to correct a decimal point error in the commentary in the last bullet point on page 94. There has been no change to the surplus or the figures the decimal point has been moved to make the figures \$9.246 million (previously stated as \$0.925 million) and \$9.666 million (previously stated as \$0.966 million).

### 2. Page 97 and 149 (Annual Report page number)

An adjustment was made to Group borrowings, reducing the figure from \$71,362 to \$70,879 to remove an intercompany receivable that was incorrectly not removed correctly from the borrowings.

This has also affected the totals on the page (but not the overall Net Assets or Total Equity). It has also been adjusted in the borrower note on page 149.

#### 3. Page 100 and 101 (Annual Report page number)

An adjustment has been made to the Council cashflow to correct the "proceeds from sale of held for sale assets" from \$3,350 to \$7,900. This was incorrectly disclosed at its book value not sale price. This has changed the "payments to suppliers" balance and totals for operating and investing cashflow activities (adjusting for the new totals).

This has also affected the Group cashflow figures which has been updated for the change and the Reconciliation of the surplus to Net Cash Flow from Operating activities on page 101 of the Annual Report.

#### 4. Page 180 (Annual Report number)

An adjustment has been made to the Essential Services Benchmark (this does not affect the benchmark being met). The percentage for current the year is 466% not 294%.
